**Section A: Program Sponsor's Identifying Information**

- A1. An **Employer Identification Number (EIN)** is an Internal Revenue Service Federal Tax Identification Number that is used to identify a business entity. The submission of the EIN is voluntary. The employer who enters this number is verifying that the business is legitimate with intentions of maintaining a registered apprenticeship program and training apprentices. This quality assurance check protects the welfare of the apprentice.
- A2. A **Program Number** is a generated number assigned to a program sponsor when a program is registered in the Office of Apprenticeship's Registered Apprenticeship Partners Information Data System (RAPIDS).
- A3. A **Sponsor Name** is any person, association, committee, or organization operating an apprenticeship program and in whose name the program is (or is to be) registered or approved.
- A12. A **Parent Organization / National Affiliation** refers to the employer, labor union, or association which may be a party to the program sponsor's standards of apprenticeship.

**Section B: Program Sponsor's Point of Contact and Other Relevant Information**

- B13. An **Employer** is any person or organization employing an apprentice whether or not such person or organization is a party to an Apprenticeship Agreement with the apprentice.
- B15. Each state has an **Eligible Training Provider (ETP) List** that is comprised of entities with a demonstrated capability of training individuals to enter quality employment. In accordance with the Workforce Innovation and Opportunity Act, participants in need of training services to enhance their job readiness or career pathway may access career training through this list of state-approved training providers and their state-approved training programs.

**Section C: Additional Program Classification Information (Including Sponsor's Point of Contact for Complaints)**

- C1. A **Program Type** includes the following:
- **National Program Standards (NPS)** are apprenticeship programs that are generally appropriate for large national employers that wish to implement the same apprenticeship program across the country in multiple jurisdictions. NPS is a registered apprenticeship business model which affords a program sponsor a uniformed approach for training nationally with a single point of registration.
  - **Local Apprenticeship Standards** are apprenticeship programs that are appropriate for registration in a specific jurisdiction.
  - **National Guidelines for Apprenticeship Standards (NGS)** are suitable for organizations that seek to provide some level of consistency in standards across their affiliates, but wish to allow for some ability to customize programs at the local level. While NGS are approved and certified by the Office of Apprenticeship at a national level, programs are registered by local jurisdictions.
- C4. The **Size of Workforce** equates to the number of employees (e.g., support staff, professional staff, management, etc.) associated with the program's employer(s).
- C5. An **Employer North American Industrial Classification System (NAICS) Code** is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy. For more information on NAICS, please go to the following website: <https://www.census.gov/eos/www/naics/>.
- C6. An **Inmate Program** refers to a program established under an agreement between a sponsor and a prison system for training inmates. Please note that these programs are not subject to Federal or state minimum wage requirements.
- C8. **Complaints:** Identifies the individual or entity responsible for receiving complaints (29 CFR 29.7(k)).
- C9. A **Program Registration Date** is the date the program was officially registered.

**Section D: Occupation Information, Relevant Wage Information, and Minimum Qualification Requirements**

- D1. **Occupation Type** refers to the following three training approaches listed below.
- A **Time-based Approach** measures skill acquisition through the individual apprentice's completion of at least 2,000 hours of on-the-job learning as described in a work process schedule.
  - A **Competency-based Approach** measures skill acquisition through the individual apprentice's successful demonstration of acquired skills and knowledge, as verified by the program sponsor. Programs utilizing this approach must still require apprentices to complete an on-the-job learning component of Registered Apprenticeship. The program standards must address how on-the-job learning will be integrated into the program, describe competencies, and identify an appropriate means of testing and evaluation for such competencies. An apprentice must be registered in an approved competency-based occupation for 12 calendar months of on-the-job-learning.
  - A **Hybrid Approach** measures the individual apprentice's skill acquisition through a combination of specified minimum number of hours of on-the-job learning and the successful demonstration of competency as described in a work process schedule.
- D2. An **Occupation Title** is the specific title of an occupation that a sponsor designates using the apprenticeable occupation list.

- D5. A **Sponsor Occupation Title** is a specific title of an occupation that may or may not be the same as the O\*NET occupational title.
- D6. **Interim Credentials** (Certificate of Training) applies to career lattice occupations. These credentials are issued by the Registration Agency upon request by the program sponsor. Interim credentials provide certification of competency attainment by an apprentice, but does not necessarily indicate completion of the program.
- D7. A **Term Length** of the occupation is based on the program sponsor's training approach as approved by the Registration Agency.
- D8. A **Probationary Period** is the number of hours or weeks of on-the-job learning during the apprentice's probationary period. A probationary period cannot exceed 25 percent of the term length of the occupation or one year, whichever is shorter.
- D10. A **Written School-to-Apprenticeship (STA) Agreement** is based on when a sponsor has an agreement that would be signed by the high-school student, employer, and parent or guardian, if applicable. The agreement may include a supplemental articulation agreement outlining the duties and responsibilities of all parties.
- D15. The **Number of Journeyworkers Employed** represents the total number of journeyworkers in an occupation.
- D21. The **Wage Schedule Information** requires a progressively increasing schedule of wages during the apprentice's apprenticeship based on the acquisition of increased skill and competence on the job and in related instruction. Multiple wage schedules may apply to a program that has the same occupation in different geographic localities.

### Section E: Related Instruction (RI) Provider(s) Information

- E1-24. The **Related Instruction (RI) Provider(s) Information** section requires the sponsor to enter information on the RI provider in E1-12 and in E13-24, if there is an additional RI provider.

Selection procedures include the full range of assessment techniques from traditional paper and pencil tests, performance tests, training programs, or probationary periods and physical, educational, and work experience requirements through informal or casual interviews and unscored application forms.
