PURPOSE: To inform the Office of Apprenticeship (OA), staff of an addition to the Registered Apprenticeship Partners Information Data System (RAPIDS) for the coding and recording of a new occupational title for an existing occupation:

Information Technology Specialist
Existing Title: Network Support Technician
O*NET-SOC Code: 15-1071.00
RAPIDS Code: 1132CB
Term: 3,714
Type of Training: Competency-based

BACKGROUND: State Director, Robert Laudeman, on behalf of the Lockheed Martin Corporation submitted this occupation. The IT Specialist has been recognized to meet the IT Industry demands for highly-skilled and highly-trained workers.

Since the two occupations are similar except for application within the IT Industry, O*NET determined it did not qualify for its own separate O*NET-SOC Code.
